

Eastleigh Safer Places Scheme

The Eastleigh Safer Places Scheme aims to help vulnerable people feel safer when they are out and about

How does it work?

The Safer Places card - card has your name on and the name and telephone numbers of two people you trust.

The Safer Places - If you are harassed, bullied, scared or lost you can get help at any of the places showing a Safer Places sticker.

Show your card to the staff in the Safe Place and the staff will call the person for you.

You can stay at the Safer Place and wait for the trusted person to arrive.
