

## LICENSING ACT 2003 CONTACT DETAILS RESPONSIBLE AUTHORITIES

The Licensing Act 2003 requires applications to be served on the various responsible authorities.

Applicants are strongly advised, especially in the case of applications for new licences or certificates or variation of licences or certificates, to make informal contact with the appropriate bodies before submitting applications. This will assist applicants in determining those authorities' requirements in order that they can be addressed in the applicant's operating schedule.

This will have the advantage of ensuring, so far as is possible, that representations by the authorities need not be made. Representations would, of course, lead to the application having to be heard by the Council's Licensing Committee, resulting in increased costs for all concerned and the possibility of refusal.

Applicants should ascertain by what means individual responsible authorities are prepared to accept applications.

All information provided by the Licensing Authority is on a best endeavours basis, and does not constitute a full statement of the law. **All applicants are strongly advised to consult their own independent legal advisor before making any application.** Please note that, whilst the licensing team will endeavour to assist in explaining the processes under the legislation (guidance notes are published separately at [licensing.eastleigh.gov.uk](http://licensing.eastleigh.gov.uk)), they **cannot** give legal advice about applications or assist in making business related decisions.

The Licensing Authority's contact details are set out in [Table 1](#) below, and those of the other responsible authorities are set out in [Table 2](#).

In summary, the legislation requires the applicant to serve copies of applications and post notices outside the premises and in a newspaper circulating in the area, as follows:

Where the application is made wholly electronically (including the payment of the fee), the Licensing Authority will forward a copy of the application to the Responsible Authorities when the application has been validated. Please see our web pages for links to electronic versions of the forms.
