Your response to Main Modifications

1 Please explain your comments.

explain your comments:

The Mercury Area Residents Association (MARA) represents households in Mercury Gardens, St. Agathas Road, Mariners Close, Fry Close and Kingfisher Close in Hamble.

2 Please state the changes you think are necessary to this modification, including revised wording where possible.

Necessary changes:

The majority of MARA residents are opposed to any further development of the Mercury site owned by MDL, whether for holiday or residential occupation.

This is on the grounds that

it would increase traffic on Satchell Lane and Hamble Lane

There is no footpath on that end of Satchell Lane, reducing the sustainability of any development

There would be increased pressure on local infrastructure - ie. the school, medical centre etc.

3 Would you like to submit another representation?

No
