Dear Ms Norman

**PLANNING AND COMPULSORY PURCHASE ACT 2004  
EASTLEIGH BOROUGH LOCAL PLAN REVIEW 2006  
SAVED POLICIES APPLICATION**

I am writing with reference to your application of 22 December 2008 for a direction under paragraph 1(3) of Schedule 8 to the Planning and Compulsory Purchase Act 2004 in respect of policies in the Eastleigh Borough Local Plan Review 2006.

The Secretary of State's Direction is attached. Those policies not listed in the Direction will expire on 25 May 2009.

The Secretary of State's assessment of whether saved policies should be extended is based upon the criteria set out in Planning Policy Statement 12: *Local Spatial Planning* and the Department for Communities and Local Government protocol on saving policies. The Secretary of State's decisions concern some policies where there have been representations from a third party expressing views that differ from those of the local authority. Also, her decisions in respect of some policies have the effect of saving policies that an authority requested should not be extended. For clarity, where either or both of these two circumstances apply, the Secretary of State's reasons are set out in the table at the end of this letter.

The extension of saved policies listed in this Direction does not indicate that the Secretary of State would endorse these policies if presented to her as new policy. It is intended to ensure continuity in the plan-led system and a stable planning framework locally, and in particular, a continual supply of land for development.

Local planning authorities should not suppose that a regulatory local plan-style approach will be supported in forthcoming development plan documents (DPDs). LPAs should adopt a positive, spatial, strategy-led approach to DPD preparation and not seek to reintroduce the numerous policies of many local plans.

The exercise of extending saved policies is not an opportunity to delay DPD preparation. LPAs should make good progress with local development frameworks according to the timetables in their local development schemes. Policies have been extended in the expectation that they will be replaced promptly and by fewer policies in DPDs. Maximum use should be made of national and regional policy especially given the development plan status of the regional spatial strategy.

Following 25 May 2009, the extended policies should be read in context. Where policies were adopted some time ago, it is likely that material considerations, in particular the emergence of new national and regional policy and also new evidence, will be afforded considerable weight in decisions. In particular, we would draw your attention to the importance of reflecting policy in Planning Policy Statement 3 *Housing* and the Housing Green Paper – *Homes for the future: more affordable, more sustainable* in relevant decisions.

Policy Ref	Reason	Extended	Not Extended
81.H, 82.H, 83.H, 84.H	It is considered important to save these policies for unimplemented reserve housing sites as they support the delivery of housing.	x	

Yours sincerely

*JR Cheston.*
