

Appendix 9 – Comparative assessment of green field housing sites

Sites considered potentially suitable based on general locational attributes are in bold (i.e. they ‘pass’ Stage 6).

These bold sites are then assessed according to site specific issues (Stage 7). Some sites are excluded on this basis and are shaded in orange below.

Following this stage those still considered suitable for allocation for housing are shaded in green and the site description is in capitals. (In addition Site 27 is identified as a Special Policy Area)

Site Ref.	Description	Parish	SLAA Site Name	Transport & Accessibility	Countryside Gaps	Landscape	Biodiversity	Other Environmental	Overall Assessment	Dwelling no.	Take forward following development capacity / site specific work?
1	Allbrook Way	Allbrook	Allbrook Way	Average	Poor / Average	Poor / Average	Very Poor	Very Poor	-2	N/A	No
