Part 2 of the Housing Act 2004 (the Act) makes it mandatory for all larger, higher risk Houses in Multiple Occupation (HMOs) to be licensed with the Local Authority.

The Act provides for a new definition of HMO and statutory instruments have defined which HMOs are covered by mandatory licensing. You should refer to the Act and the statutory Instruments for this definition.

To assist you a non-statutory summary of the definition of a mandatory licensable HMO and the larger higher risk HMO is set out below:

A mandatory licensable "HMO" means a building or part of a building:

- a) Has 5 or more people occupying the property who form at least 2 different households
- b) Where the households share kitchen or bathroom facilities (or the building lacks these amenities).

The application for a licence must be made by an appropriate person, who would normally be either the owner of the HMO or the person managing the HMO.

To be able to license a HMO, a manager must be able to demonstrate that he/she has control of the house or they are an agent or employee for that person and that the proposed management arrangements for the house are satisfactory.

The person who applies for a licence must demonstrate that they are a fit and proper person to be a licence holder.

The application for a licence is attached. If you require further information regarding this application please contact Housing and Environmental Health at the address above.
