

HEDGEHOG

AWARENESS

How can we help?

- 1) make a ramp
- 2) let plants grow crazy (it's called a wild garden)
- 3) Give food and water (hedgehog food or cat food).
- 4) stop using chemicals
- 5) make a log pile / house.
- 6) un-salted peanuts

If you see the wild garden grow hedgehogs might nest in winter.

DID YOU KNOW?

that bonfires (that are un-lit) are perfect homes for hedgehogs?

WOW!

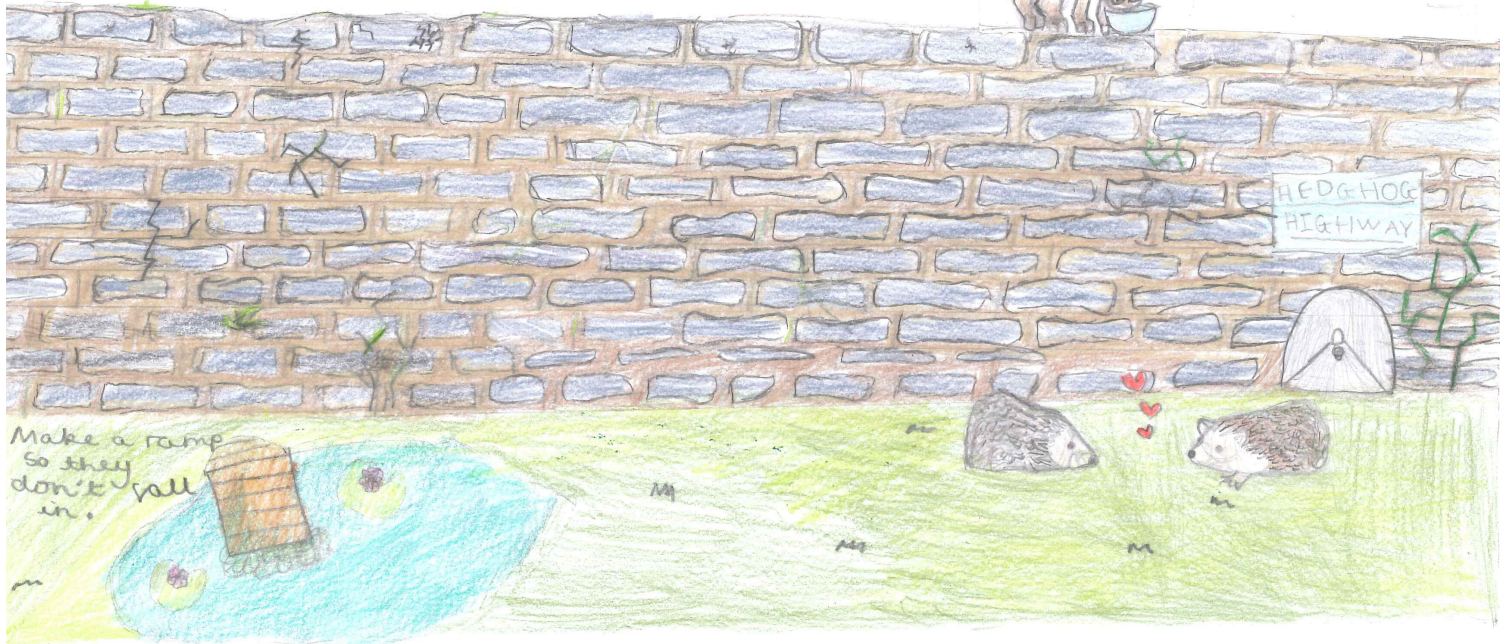

Things that are

POISONOUS

For A HEDGEHOG!!!

milk and chemicals

Make a ramp so they don't fall in.

Is your garden hog happy?
