HEDGEHOGS ARE IN DANGER!
WE NEED YOUR HELP!!

Create a suitable home for a Hedgehog by not using weed spray, slug pellets or any other chemicals, as this is toxic for hedgehogs.
Save the.....
HEDGEHOGS!!!

Ponds can be dangerous. Although they can drown if they are stuck in the pond, they are amazing swimmers.

Provide water as milk is toxic to these furry hedgehogs.

Fallen fruit and insects provide nutrients

HEDGEHOG HIGHWAY

Fun Fact!!
Hedgehogs travel over 2 kilometres every night!
Leave a 13cm hole in your fence so that hedgehogs can explore the neighbourhood!

Hedgehogs eat cat food!

We love HEDGEHOGS!

Hedgehogs eat meaty cat food, dog food, hedgehog food and on-salted peanuts.

EASTLEIGH BOROUGH COUNCIL

Is your garden hog happy?
