

THE BOROUGH OF EASTLEIGH (LAKESIDE, EASTLEIGH)  
EXPERIMENTAL ORDER 2018

STATEMENT OF REASONS

The Council has received a number of complaints about parking on the Lakeside Estate. Due to the layout of the estate there are limited areas suitable for on street parking whilst the demand for parking is very high. There has been some inconsiderate parking which has caused obstruction to residents and service vehicles. In recent months refuse collection and emergency service vehicles have been obstructed presenting a significant safety risk.

The aim of this Order is to help determine the extent and location of those areas where parking on street restricts access and to indicate by lining the extent of the road where parking cannot be permitted. The Order is being introduced initially as an experimental order to allow the impact of the lines to be assessed and to ensure that they are in the correct place to ease the issues identified.
