

Eastleigh Borough Council

Wiltshire Road, Belmont Road & Cox Row - Proposed No At Any Time Waiting Restrictions

Statement of Reasons

The above named roads form part of a bus route which have suffered from obstructive parking resulting in the bus not being able to use the route and maintain adherence to the timetable. The obstructive parking also has the potential to prevent emergency vehicles reaching their destination.

The restriction of parking at the junctions and along the western side of Wiltshire Road is intended to ensure that this problem does not continue.

Therefore it is proposed that the no waiting at any time restrictions be implemented as indicated on the attached plan.
